

Ask About Autism

Ask About Autism is here to support families across Hampshire and the Isle of Wight. We are here to help at every stage, whether you feel your child or young person may have autistic traits, to diagnosis and beyond.

Here to help...

Free workshops are available online and in person, these will cover all aspects of autism with highly skilled professionals. Follow us on Facebook to keep updated.

Share and support opportunities will be available across Hampshire and the Isle of Wight, these will allow you to share your experiences and ideas, and most importantly develop a crucial support network.

BRAAIN offers free appointments signposting you to services available to help make your journey a little easier, whether that is to health services, support and training, or social events for all the family.
